VR & AI Application Developer(Internship) | University of sfax | 01/01/2025 - 03/06/2025 | sfax, Tunisia

Developed and integrated AI-powered chatbots to answer student questions by collecting data and fine-tuning a pretrained model.

Created a virtual 3D environment using Unreal Engine 5 to simulate an interactive university fair.

Managed real-time communication between the AI system and the VR application.

Collected various types of data, including user behavior, mini-game results, feedback, and conversation logs.

Analyzed and visualized data using Python libraries, presenting insights through clear and informative graphs.

Virtual Exhibition Space (VES) Intern | Agency for the development heritage - HKA University | 01/03/2024 - 17/12/2024 | Germany , Malaysia , Oman , Tunisia

Designed 3D objects for virtual exhibitions using Blender, Unity, and Unreal Engine.

Conducted a Blender workshop in English for international students, enhancing their 3D modeling skills.

Contributed to developing AR application for the Agency for the Development of Heritage and Cultural Promotion

Web Developer Intern | Perfaxis | 01/07/2024 - 31/07/2024 | Sfax, Tunisia

Developed and maintained a leave request management system using ASP.NET Core and SQL Server.

Integrated email notifications for leave approvals and rejections using Outlook SMTP.

Created responsive user interfaces using Tailwind CSS and Razor Pages.

Ensured secure role-based access with Identity framework.

Robotics & Programming Instructor | Cody Space at Eis - International School in Sfax | 23/06/2025 - 21/07/2025 | sfax, Tunisia

- Taught children aged 6 to 10 the basics of programming using Scratch and LEGO WeDo.

- Guided students through hands-on projects, encouraging teamwork and innovation.

Education & Training

Bachelor’s Degree in Data Analysis and Big Data | Higher Institue Of Technology And Multimedia In Sfax | 01/11/2022 - 01/01/2026 | Sfax, Tunisia

Language Skills

Mother tongue(s): **Arabic**

	Understanding		Speaking		Writing
	Listening	Reading	Spoken production	Spoken interaction	
English	B2	B2	B2	B2	B2

Skills

Development | Augmented Reality | Python | Data Visualization | Laravel | Bootstrap | ASP .net | Git | Tailwind | React | Html+CSS+JS | JSON / Data Structuring

Artistic | 3D Interaction Design | Photoshop Design | Unreal Engine 5 | Sound Design | Virtual Reality | 3D Animation | 3D Modeling | Figma design

Volunteering

Game Developer Team Leader, ISIMS Google Students Club | 01/09/2023 - Current | Tunisia , Sfax

Organized with Google Developer Group workshops and events to promote coding, web development, and technology skills.

Supported peers with hands-on learning of programming tools and modern web technologies like flutter.

Led a team of students through weekly online meetings using Trello to organize tasks and track progress.

Hackathon 4th place– ISGI Sfax | Current

Developed a website for people with disabilities called Wa3ini, designed to improve and support users with special needs.

Managed to learn React , Git and Tailwind and learned how to develop in team environment

https://wa3ini.netlify.app/

Hackathon 1st Place Winner | Current | Dev Fest with Google Developer Group in sfax

Creating a 3D animation explaining large language models.

Collaborated with three other participants to attend AI workshops and integrate machine learning concepts.

Ideathon 1st Place Winner – ISET Sfax | Current | At MTC ISET

Won 1st place in a themed ideathon focused on designing a horror game concept aimed at solving real-world psychological or educational problems.

Collaborated with a team to identify a core issue and creatively address it through game mechanics and storytelling.

Worked on a UI/UX design process using figma to prototype interactive user flows and immersive horror-themed interfaces.
